*EVENT START: _____ *EVENT FINISH: _____

*****MORE***
INFORMATION
REGARDING START
AND FINISH TIMES**

If we are being booked for a wedding it is sometimes necessary for us to set our equipment prior to the reception as it would be inappropriate to do it later in the evening. It may also be the case that you would like us to provide background music during the reception or radio microphones for the speeches. If this booking is for a standard event then use the "Event Start" and "Event Finish" section. Alternatively use this space to give us more information.

DISCO ACCESS TIME: This is the time that we can get in to set our equipment. In the case of weddings we can set our equipment earlier in the day and this service is free within a 15 mile radius of GL12 8SR.
